Aqua Zumba:

Take your Zumba Fitness to the water in this exciting Latin and World dance inspired workout. Using the resistance of the water your muscles will work harder with all your favorite rhythms using fun choreography and music!

Aqua Intervals :

Using segments of 3.5 and 1.5 minutes, this class incorporates chest deep and shallow water for a full body, aerobic workout. Moving through the various depths of water strengthens the core while working muscle groups frontally, laterally and posteriorly. The final 15 minutes of class incorporates focused weight training for both arms and legs. A great way to start your weekend!
